CITY OF TORONTO

APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of the Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its next Session, for special legislation to provide:

1. That By-law No. 22693 of the Corporation, being "A By-law Respecting Fences", passed December 10, 1965, shall be confirmed and declared to be legal, valid and binding, such by-law making certain provisions concerning the erection, maintenance and alteration of division and other fences including: the prescribing of specifications for division fences or means of determining the specifications therefor; requirements for the sharing of costs of erection, maintenance, repair or replacement of a division fence between the owners of the lands on each side thereof; the prescribing of procedures for appointing a board of three arbitrators to determine the proportions in which costs are to be shared as aforesaid, the description of the fence and other matters relating thereto; provisions for the enforcement of such awards and appeal therefrom in the same manner as enforcement of an appeal from awards of fence-viewers under The Line Fences Act; the giving of authority to the Commissioner of Buildings of the Corporation to require an owner of land not appurtenant to a building or used in connection therewith to erect a fence on the boundary between such land and any highway abutting thereon and prescribing the description of a fence so erected and requiring repair and maintenance thereof; prescribing penalties for infractions of the by-law; prescribing certain matters and things incidental to the foregoing and providing that the by-law shall come into force when the same has been passed by the Council and validated by a statute of the Province of Ontario.

2. That the Corporation may by by-law levy a tax upon every holder of a winning ticket issued under the pari-mutuel system upon a race for horses at a race meeting at a race track in the City of Toronto at the rate of 1% of the amount that would be payable to the said holder if no percentage were deducted or retained by the person holding the race meeting in respect of such race and no percentage were payable under The Race Tracks Tax Act, and prescribing procedures for and relating to the collection of such tax upon the passing of the by-law.

3. That section 3 of The City of Toronto Act, 1960-1, relating to permits for night time parking on City streets be amended by striking out subsection (2) thereof respecting petitions and substituting therefor provisions to the effect that before passing a by-law under the said section, notice thereof shall be sent to all persons shown in the last revised assessment roll as having the qualifications of municipal electors in respect of land abutting on the highways or parts thereof proposed to be designated, that the by-law may be passed unless a petition in objection thereto signed by at least two-thirds of the persons entitled to such notice is received by the City Clerk within one month, and that when the Council is prevented from passing the by-law by reason of such a petition, the Council may again proceed under the section after the expiration of two years from the receipt of the petition in respect to the highway or parts thereof to be so designated, and further that the present subsections (3) and (4) of the said section be renumbered as required.

4. That subsection (1) of section 3 of The City of Toronto Act, 1957, which authorizes the Corporation to lease or license the use of untravelled portions of highways within those portions of the City zoned for commercial or industrial purposes to the owners or occupants of adjoining property be amended to extend the Corporation's right to lease or license to cases where the owners of the adjoining lands are lawfully using such lands for commercial or industrial purposes notwithstanding that such lands may not be zoned for

purposes and to permit the said owners to use the said untraveller portions of the highways so leased or licensed to them for the same purposes as the adjoining lands.

5. That by-laws may be passed by the Corporation to increase to an amount not exceeding \$900.00 per year the pensions of former employees of the Corporation or local Boards thereof or any class or classes of such employees, provided such employees had service of at least twenty years duration; to grant to any such employees having at least twenty years service who retired because of age or by reason of having become incapable through illness or otherwise efficiently discharging their duties, without any pension or retiring allowance, a retiring allowance up to an amount of \$900.00 per year; to increase to an amount not exceeding \$900.00 per year the retiring allowance of any such employee who retired for any of the foregoing reasons with at least twenty years service with a retiring allowance of less than \$900.00 per year; and to validate the action of the Council of the Corporation on December 8, 1965, in granting as of December 1, 1965, certain benefits as aforesaid to certain classes of such former employees.

6. That the Corporation may cancel, reduce or refund taxes levied on premises 3263 to 3265 Dundas Street West in the City of Toronto for the years 1962 to 1965 both inclusive and any interest, penalties or other costs incidental thereto, to the extent that the same exceed the total amount of taxes which would have been payable for such years if the assessment of land separate from buildings had been \$3,750.00 and the assessment on buildings \$100.00, in each of such years.

7. That the Corporation may notwithstanding The Local Improvement Act or a by-law passed thereunder pass by-laws authorizing the undertaking at the expense of the Corporation at large the work of construction, enlarging or extending a sewer or constructing a sidewalk in any case where the Council is of the opinion that it would be inequitable to charge the cost of the work as a special assessment against a limited class of ratepayers.
